	<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>Spirit FM is a great Local Radio Station, Sprit and it presenters have spent years building up their relationship with Local residents, businesses, charities, councils and listeners. They produce a myriad of local derived content which is interesting, relevant and useful to its entire audience. They have pioneered many unique initiatives which have stimulated the Local "feel" of this radio station be it Quizzes between local businesses, secret sound/celebrity, countless charity campaigns, outside broadcasts or local School content to name a few. If Spirit FM is allowed to be steamrolled over by a National entity, all of this local content and involvement will be lost and this in turn will be a devastating blow to the local community.</p>
