| <p>Question 1: Do you agree that, for the purposes of where locally-made programming may come from, Ofcom should approve the 'Yorkshire & Lincolnshire (Bauer)' approved area in relation to the 17 local FM licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> | <p>No. The action made by Bauer already destroyed many livelihood and audience. NEARLY ALL OF THEM are never coming back. I'm objecting because this approval would mean that the damage will never be reversed, i.e. have one ultra local presenter slot on weekday for each of the radio stations affect. Back to when local radio was absolutely genuine. Nobody in the audience even asked for GHR to replace the FM stations, some statistics can prove it.</p> |
