

## Your response

Question	Your response
<b>Question 1:</b> Do you have any comments on our proposal to apply Code powers to the Applicant?	Yes.  I would like to highlight that the application is being made by a holding company. I believe that if granted the powers these are by default conferred to unknown companies currently held or acquired in the future. This means that it is not possible to assess that the companies have the appropriate quality and H&S systems and policies in place. In addition it makes the identifying liability and obtaining reparation should things go wrong difficult to establish and easy to avoid.
