**Question 1: Should Nation Radio Ltd be permitted to make its proposed changes to the Format of Nation Radio, with particular regard to the statutory criteria set out in Section 2 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as amended, relating to Format changes).:**

No

**Additional comments:**

My view is that changing the format will only serve to marginalise a large section of the community and is clearly a major departure from the current licence. I hope that Ofcom will not allow this change. Furthermore, in my view, Nation Radio should be spending more time on live programmes as opposed to voice tracking for the majority of their output.
