

**Sound Technology Ltd**

Dear OFCOM

Sound Technology Ltd are the UK distributor for the AKG range of wireless microphones and in-ear monitoring systems and therefore have a legitimate interest in the effects WSD might have on the current PMSE sector. As such we wish to register our full support for the response sent to you by BEIRG in December 2013 (a copy of which is attached).

Yours sincerely

David Marshall  
Managing Director  
Sound Technology Ltd
