

Question 1: Do you think we should merge the Luton and Bedford areas and advertise a single licence, or advertise these as separate licences? Why? :

NO, I think these Licences should be separate because I only would like to watch the news for Bedford and not for Luton, I have no interest in the news for Luton as it is not in my area

Question 2: Do you think we should merge the Gloucester and Malvern areas and advertise a single licence, or advertise these as separate licence? Why? :

I do not mind either way as it is not near where I live so I cannot comment
