Additional comments:

Question 1:Do you agree that Ofcom should not seek a supplementary technical plan in respect of Multiplexes C and D prior to considering whether or not to renew the BA Licences:

no because if there was a problem or issue with the mutiplex there wouldnt be any guidelines in place to follow.

Question 2: Do you agree that in renewing the BA Licences, it is appropriate not to require supplementary proposals in relation to the promotion of, or assistance with, the acquisition of DTT receiver equipment:

no as it would be unfair competition as Sky & Virgin Media would be getting a unfair advantaged in promoting their services and equipment

Question 3: Do you agree that Ofcom should remove the provisions set out in paragraph 3.14 from any renewed BA Licences:

No because if there were technical problems or the a certain area had coverage problems you wouldnt have guidelines in place to follow also as i said it would give Sky & Virgin Media a unfair advantaged as they would get promotion and Freeview wouldn't also the Freeview branding on equipment is important as people know what the service is.

Question 4: Do you agree with our preference not to apply a charge for PMR in a renewed BA Licence, in light of our stated intention to charge AIP for spectrum used for broadcasting:
