

Dear Andrea,

RE; The Fight For Local Radio In North Devon

Cornwall have Pirate FM and Atlantic FM
Plymouth have Heart and Radio Plymouth
Exeter have Heart and Exeter FM
South Devon have Heart and Palm

What is wrong with the good people of North Devon to not allow them the choice of two commercial radio stations local to them?

It seems North Devon is not important.
It seems Global are very much thinking of profit before LOCAL radio.
It also seems there could be a hidden agenda. I sincerely hope not.

PLEASE, PLEASE, PLEASE, Andrea, have a heart, and give NORTH DEVON an alternative to Heart.

Thank you very much indeed.

Geoff Gillett
