

Question 1: Which of the three options do consultees favour, and why?:

Option 2, audio description needs to be more widely available and this would be so if Ofcom approved this option

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

Audio description is an invaluable service and should be much more widely available as it makes watching tv programmes far more enjoyable to visually impaired viewers.
