

Question 1: Which of the three options do consultees favour, and why?:

Option 2

Blind people have so little that they can access in society that they must be helped as much as possible.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

A further increase in audio description in all appropriate media. The simple concept of fairness demands that blind people are helped to access as much media as sighted people.
