

Question 1: Which of the three options do consultees favour, and why?:

Option two.

This option will provide a broader range of programs/interests whilst increasing access.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

I believe that all sectors of society should enjoy similar basic privileges. Television companies should concentrate on rationalising their cost in the ridiculously high salaries they pay broadcasters, and concentrate more on providing a service to Deaf and visually impaired people.
