

Question 1: Which of the three options do consultees favour, and why?:

Option 2 because I find audio description extremely helpful and this option would give me greater choice of programming and would enable me to get the most out of the programmes that I do choose to watch.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions: #

It would be helpful if it was made easier to be able to find out which programmes are audio described. It would also be interesting to know the criteria for deciding which programmes to audio describe.

Comments:

I find audio description invaluable.
