

Question 1: Which of the three options do consultees favour, and why?:

Two,

I want to be able to watch all channels and all types of programs

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

I find myself watching repeats of programs because most of the other programs and channel's I would like to watch are not audio-described I feel like I'm a second class citizen and this is wrong
