

Question 1: Which of the three options do consultees favour, and why?:

why should blind and vi people only have these options. they pay for the tv licence and should have fully accessible programmes.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

as in q1. paying for the licence should entitle all people to accessible programmes

Comments:

as above. people not affected by blindness and visual impairment have decided 20%. under the Disability Discrimination Act 2005, why is this the only option???
