

Question 1: Which of the three options do consultees favour, and why?:

20% audio description across all channels.

It means I can then follow the stories and follow the programme. It also lets me know who is talking.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

Audio description means I can enjoy television again which I couldn't do before. We need more of it.

RNIB completed form on my behalf as I have no internet access.
