

Question 1: Which of the three options do consultees favour, and why?:

20% across all channels.

20% audio description across all channels would enable people greater access to the TV and a wider choice of programmes.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

An RNIB member of staff assisted me in completion of this response as I do not have internet access.
