

**Question 1: Which of the three options do consultees favour, and why?:**

Option 2 because audio description should have the widest possible cover across all broadcasters. If you wish to broadcast it should be your obligation to audio describe.

**Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:**

I think the audio description at present is extremely good, it would just be better to have greater coverage.
