

Question 1: Which of the three options do consultees favour, and why?:

Option 2 because I believe that visually impaired persons, whether they watch/listen to BBC or anywhere else, are entitled to AD.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

To increase AD further! Have written to local press in the past - visually impaired persons should have the same rights as able-bodied persons.
