

Question 1: Which of the three options do consultees favour, and why?:

I favour option 2. This will give people with limited/no sight more opportunity to enjoy programmes the same way fully sighted people do! It's 2009, surely this should be happening without consultation questions. I'm fully sighted but it's an injustice that others should go without when there is the technology there to make life easier.

Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:

Comments:

Please make this happen. it would benefit my parents life.
