

**Question 1: Which of the three options do consultees favour, and why?:**

option 2. TV is an important part of our culture and society, and having AD means I have full access to it, in today's society being excluded from TV is a significant problem because it means you don't get access to information and feel isolated from people around you.

**Question 2: Do consultees have any further suggestions for future access service provision? If so please provide the rationale for these suggestions:**
