

Re OFCOM Broadcasting Code Review Consultation / Sexual Material Rules.

Thank you for the opportunity to comment on this most important Broadcasting Code Review.

I have looked into this matter in some detail and rather than make specific comments, which I fear will only be part of the plethora of paperwork Ofcom will receive on this matter I wish to support all the comments you receive stating or implying that **a most serious 'tightening' of the Code and its practical implementation is urgently required.**

Specifically I wish to support and commend the submissions from both the organisations **Mediawatch-uk** and **Media March**. It has been my privilege to have been for many years closely associated with both these splendid organisations and I know from first hand experience that both these organisations reflect the concerns of so many 'decent' members of the public.

I would much appreciate an acknowledgement of this email / letter together with any observations you may consider appropriate.

Yours sincerely,

Mr R.J. Chamberlain. 1-09-2009.
