

Q1 Do you agree with Ofcom's view that the proposed non-emergency healthcare service represents a justified use of a three-digit number? Please give reasons for your views. :

Yes I agree with the use of the non emergency number. I like the standardised number and the three digit number is easy to remember.

Q2 Do you agree with the DHs view that:

**A) a three-digit number is the best choice for the proposed service and
B) of the three-digit numbers available, 111 is the best option?**

Please give reasons for your views. :

Yes, a three digit number is easy to remember.
111 is a good choice. Perhaps it was chosen because it is opposite to the 999.

Q3 What are your views on the tariff options selected by the DH? :

No tariff options has been set/agreed so i cannot comment.
I would hope it would be the lowest tariff so as not to exclude people who want to use the service.

Q4 Do you have any comments on the proposed notification of modification to the Numbering Condition in Annex 8 of this document:

I have not found/read Annex 8.
