

**Q1 Do you agree with Ofcom's view that the proposed non-emergency healthcare service represents a justified use of a three-digit number? Please give reasons for your views. :**

Yes I agree it would make life a lot easier and simpler, as all you would have to dial is 111. It would also help to stop/reduce the wasteful use of the 999 service.

**Q2 Do you agree with the DHs view that:**

**A) a three-digit number is the best choice for the proposed service and**

**B) of the three-digit numbers available, 111 is the best option?**

**Please give reasons for your views. :**

yes as above

**Q3 What are your views on the tariff options selected by the DH? :**

I agree that a tariff should be set but there must not be any cut backs or reduction in other NHS services that are already in place. This is not another short cut for the government, it should complement the services that are already out there.

**Q4 Do you have any comments on the proposed notification of modification to the Numbering Condition in Annex 8 of this document:**
