

**Q1 Do you agree with Ofcom's view that the proposed non-emergency healthcare service represents a justified use of a three-digit number? Please give reasons for your views. :**

yes. the provision of non emergency healthcare advice is a minefield and difficult to navigate so I think this number would help. Also I hope it would reduce presentations/attendances at A&E depts and calls to out of hours GPs therefore enabling quicker response to those who need those services

**Q2 Do you agree with the DHs view that:**

**A) a three-digit number is the best choice for the proposed service and  
B) of the three-digit numbers available, 111 is the best option?**

**Please give reasons for your views. :**

Yes

I think I can remember 111 but other numbers would be less memorable

**Q3 What are your views on the tariff options selected by the DH? :**

I do not know what these are

**Q4 Do you have any comments on the proposed notification of modification to the Numbering Condition in Annex 8 of this document:**

Have not read as only have limited time to respond
