

Q1 Do you agree with Ofcom's view that the proposed non-emergency healthcare service represents a justified use of a three-digit number? Please give reasons for your views. :

yes such a number is clearly needed

Q2 Do you agree with the DHs view that:

**A) a three-digit number is the best choice for the proposed service and
B) of the three-digit numbers available, 111 is the best option?**

Please give reasons for your views. :

A] yes I agree with a three digit number but

B] I do NOT agree with the use of 111 because it is too close to the Internationally accepted and used number 112 for Police and other emergencies. It would be better if the number chosen is another set of digits such as 888 or 777 but if it has to start with 1 or 11 then perhaps it should be 118 or 119.

Q3 What are your views on the tariff options selected by the DH? :
