Question 1: Do you agree with our analysis of consumer detriment on the 070 number range?:

No I don't. My patients are helped by being able to have their calls routed to the various places that I work yet have a single number to use.

Question 2: Do you agree that the costs outweigh the benefits in relation to closing the 070 number range and migrating users to an alternative range?:

Closing this number down will greatly effect my patients and my private medical practice. I run a very small one and I have to keep costs to a mininum. I do no know of anyother low cost telephony option for my business. Cancelling this number would give me and my patients immense problems

Yes

This might have to happen

I am unsure what this means

I am unsure what this means

Question 7: Should services provided by, for example, Hospedia, Premier Telesolutions and Trader Media be provided on an alternative number range to 070? Please provide any evidence to support your views.:

I am unsure the relevance of this to me
