As a user of the internet in Hull I am very frustrated at having to pay £24.95 a month for a less than 1MB connection and unable to go on

the market like most people in the country to find an alternative broadband supply.

**Question 5: Do respondents agree with Ofcom's proposals in relation to providing affected parties with a period of notice prior to the removal of certain SMP services conditions in Market 3? In particular do respondents agree with the proposed notice period and the proposed SMP service conditions to which the notice period applies?**
