

Mr Tim Mitchell

Title:	<i>Mr</i>
Forename:	<i>Tim</i>
Surname:	<i>Mitchell</i>
Representing:	<i>Self</i>
Organisation (if applicable):	
Email:	<i>[Removed]</i>
What do you want Ofcom to keep confidential?	<i>Keep nothing confidential</i>
If you want part of your response kept confidential, which parts?	
Ofcom may publish a response summary	<i>Yes</i>
I confirm that I have read the declaration	<i>Yes</i>
Ofcom should only publish this response after the consultation has ended	<i>You may publish my response on receipt</i>

Question 1: Do respondents have any comments, additional to those made in their responses to the November consultation, on Ofcom's approach and conclusions on market definition as set out in Section 3 of this document?

No

Question 2: Do respondents have any comments, additional to those made in their responses to the November consultation, on Ofcom's proposed market power findings for the Hull area, Market 1 or Market 2?

No

Question 3: Do respondents agree with the approach set out by Ofcom for its market power assessment in Market 3 and its conclusion that there is no-SMP?

Yes

Question 4: Do respondents have any comments, additional to those made in their response to the November consultation, on

Ofcom's proposed regulatory remedies for the Hull area Market 1 or Market 2?

As a Hull resident I am concerned that there is no pricing regulation on KCom. They can basically charge what they want as there are no other providers available.

Question 5: Do respondents agree with Ofcom's proposals in relation to providing affected parties with a period of notice prior to the removal of certain SMP services conditions in Market 3? In particular do respondents agree with the proposed notice period and the proposed SMP service conditions to which the notice period applies?

Additional comments

As a resident of the Hull area, I believe Ofcom needs to enforce its proposed regulations on KCom, in order to make the area as attractive as possible to other providers. KCom's current service is very poor value for money with deliberately restricted data speeds, in any other area of the country the market forces would prevent this situation, but here we have to accept whatever KCom decides to do.
