As a customer of Kingston Communications, I wish to voice my concern over Ofcom's intention not to place pricing controls upon KCs wholesale broadband offering.

I believe that in not placing said controls upon KC, Ofcom is not helping to ensure that KC operates a fair policy of access to its network. This perpetuates a monopoly environment, dissuades business, investment and innovation in Hull and area. I am formally petitioning you to establish sterner controls upon KC, and would appreciate your response to this.

PS: I think Karoo is NOT value for money and I have no alternative! This is WRONG there shouldn't be a monopoly but there IS!! And its WRONG WRONG WRONG!!!!
