

Name and title under which you would like this response to appear:

Name Withheld 1

Representing:

Self

Question 1: When do you consider it would be timely and efficient for next generation access investment to take place in the UK?:

ASAP

Question 2: Do you agree with the principles outlined for regulating next generation access?:

Yes

Question 3: How should Ofcom reflect risk in regulated access terms?:

?

Question 4: Do you agree with the need for both passive and active access remedies to promote competition?:

Active is best

Question 5: Do you consider there to be a role of direct regulatory or public policy intervention to create artificial incentives for earlier investment in next generation access?:

Yes

Additional comments:

Ofcom should be promoting the move to SDSL from all suppliers ASAP.

ADSL is a poor substitute for real Broadband, here in the UK
