

Name and title under which you would like this response to appear:

Name Withheld 8

Representing:

Self

Question 1: When do you consider it would be timely and efficient for next generation access investment to take place in the UK?:

Honestly I'd like to of seen this have happened two years ago like other countries across the world but as that hasn't happened I'd say now.

Question 2: Do you agree with the principles outlined for regulating next generation access?:

Yes.

Question 3: How should Ofcom reflect risk in regulated access terms?:

Ensure fair competition and low pricing for end users.

Question 4: Do you agree with the need for both passive and active access remedies to promote competition?:

Yes.

Question 5: Do you consider there to be a role of direct regulatory or public policy intervention to create artificial incentives for earlier investment in next generation access?:

Yes.

Additional comments:

Why is the UK, which is one of the worlds largest super powers, dragging behind AGAIN? This needs to be sorted now.
