

Question 1: Do you agree with Ofcom's proposal to exempt users of Citizen's Band (CB) radio (and other related applications such as Community Audio Distribution) from the need to possess a Wireless Telegraphy Licence.: Yes

Question 2: Do you agree with Ofcom's proposals to permit the use of 'Micro' FM transmitters in the UK, and to authorise that use by licence exemption.: Yes

Question 3: Do you agree with Ofcom's proposals to exempt users of High Density Fixed Satellite Services (HDFSS) terminals from the need to possess a Wireless Telegraphy Licence.: Yes

Question 4: Do you agree with Ofcom's proposals to exempt users of Inmarsat GAN terminals from the need to possess a Wireless telegraphy Licence.: Yes

Question 5: Do you agree with Ofcom's proposals to make available the frequency 24.05-24.25 GHz for use by short range radar (including automotive applications) devices on a licence-exempt basis.: Yes

Question 6: Do you with Ofcom's proposals to make available the band 2.4 GHz-2.4385 GHz for movement detection systems.: Yes

Question 7: Do you with Ofcom's proposals to remove the need for users of most radar level gauge equipment to possess a Wireless Telegraphy Licence.: Yes

Question 8: Do you agree with Ofcom's proposals to exempt users Digital PMR 446 from the need to possess a Wireless telegraphy Licence.: Yes

Question 9: Ofcom would welcome comments on it proposals to implements these changes concerning short range devices.: The sooner changes are made the better, current legislation is extremely outdated and no longer reflects the changes in society over the past 57 years and in particular the changes in the past few years with regards to wireless networking\computing and iPod FM transmitters.

Question 10: Ofcom would welcome comments on it proposals to implement EC Decision 2005/928/.: Any decision which would make the life?s of elderly, disabled or other wise disadvantaged people within community?s should be encouraged as much as possible

Question 11: Ofcom would welcome comments on it proposals to implement EC Decision 2005/513/.: Bringing terminology fully into line with the decision is not just a good idea for regulators, but will also make it easier for organizations/individuals using these frequency?s to fully understand what is required of the technology they are using and the responsibility?s on them, instead of differing words/phrases to explain the same or similar practice, which may lead to confusion.

Question 12: Ofcom would welcome comments on any of the minor changes set out in this chapter and any other broader issues in relation to its approach to licence-exemption.: If it is felt that a change is needed then the change should be met, no matter how big or small it may be

Additional comments: The current Wireless and Telegraphy act is hopelessly outdated, the wants and needs of modern society are not the same as those of 1949 but this act has not yet been updated to reflect these changes.
