I think wherever 08\* numbers are listed there should be a landline number listed as well so that people can make a choice.

As an example my local doctor's surgery has a 0844 number that I pay 4p per minute to call. Firstly it is ridiculous as all of the patients live in a local call area and so there is no benefit to the patient and secondly I pay a fixed amount per month to have all my calls starting 01 and 02 free.

I think it is very poor quality service and morally reprehensible that companies make money from certain of these calls when they are after or already have you as a customer.

Thank you.
