

COORDINATION AGREEMENT IN THE 138 - 144 MHz BAND BETWEEN THE UNITED KINGDOM AND FRANCE

1 - GENERAL

The principle of coordination is based on an equitable distribution of sub-bands for preferential use for one or other of the two countries (2 MHz for each) and making available 50% of the available spectrum in the other so-called "equal rights" sub-bands (2 MHz in total) for each country:

138	-	138.5	=	Equal rights
138.5	-	139.5	=	FR
139.5	-	140.5	=	UK
140.5	-	141.5	=	Equal rights
141.5	-	142.5	=	FR
142.5	-	143.5	=	UK
143.5	-	144	=	Equal rights

2 - TECHNICAL BASIS

2.1 - Channellizing the 138 - 144 MHz band

The VHF 138 - 144 MHz band is channellized for double sideband amplitude modulation with 12.5 kHz steps.

However, in the so-called "equal rights" sub-bands, 2 adjacent channels must be reserved for the French allocations which all go in 25 kHz steps.

The channels are designated by the reference frequency of the emission at the middle of the channel.

2.2 - So-called "equal rights" bands

After agreement for splitting the 138 - 144 MHz band into preferential sub-bands and "equal rights" sub-bands, the Administrations will not be able claim availability of more than 50% of the available spectrum in the latter.

The channels specifically allocated as from this agreement will be taken into account in the quota of allocations available to the Administrations of the UNITED KINGDOM and FRANCE.

The value of the spectrum available in these bands is reduced by 200 kHz, representing the spectrum occupation of the channels reserved to the Administration of BELGIUM and for common military aeronautical use.

2.3 - Field of application

By mutual agreement, it has been decided that all the frequencies between 138 - 144 MHz would be available for:

- the UNITED KINGDOM north of a line EDINBURGH - GLASGOW and in NORTHERN IRELAND;
- FRANCE south of a line BORDEAUX - LYON.

These lines represent the radio horizon of an aircraft flying at an altitude of 60,000 feet at the limit of national territory.

2.4 - Temporary allocations

In exceptional cases, each Administration may request the coordination of one or more frequency(ies) situated in the sub-bands allocated to the other country, if this is for temporary use (less than 30 days).

2.5 - General allocation table

A general table showing the distribution of the channels is given as an annex to this agreement.

3 - RESERVED CHANNELS

3.1 - Channels reserved for the benefit of common military aeronautical use in the European zone of NATO for tactical use

138.500	141.000
139.500	141.500
140.500	142.500

These six channels have 25 kHz steps.

3.2 - Exclusive frequencies to be protected by the Administrations in the "equal rights" bands (with 25 kHz steps)

BAND	BENEFICIARY	FRANCE	UNITED KINGDOM	BELGIUM	COMMON
138.000 - 138.500		138.050 138.250 138.275	138.100 138.300	138.225 138.325 138.375	138.500
140.500 - 141.500		140.800 141.100 141.275			140.500 141.000 141.500
143.500 - 144.000		143.600 143.750 143.800 143.850 143.950	143.975	143.525	

3.3 - Channels reserved for the UNITED KINGDOM Administration for military aeronautics (with 25 kHz steps)

138.100	140.375	143.975
138.300	142.550	

3.4 - Channels allocated to the BELGIAN Administration which will be protected

3.4.1 - By the UNITED KINGDOM

139.775	143.175
---------	---------

4(sic).4.2 - By FRANCE

138.675	138.950
---------	---------

3.5 - Channels remaining in a UNITED KINGDOM exclusive band but allocated to the FRENCH Administration

142.725	6K00A3E	All FRANCE	20,000 Ft	20W	SNPC
142.850	6K00A3E	All FRANCE	20,000 Ft	20W	SNPC

3.5.1 -

These two allocations are made for the benefit of the forest fire-fighting units in FRANCE. Bearing in mind the very low level of occupation, the UNITED KINGDOM Administration agrees to keep them on these frequencies.

3.5.2 -

In compensation, two supplementary channels may be granted to the UNITED KINGDOM Administration in an "equal rights" band until these two French allocations in the UNITED KINGDOM band are removed.

3.6 -

Details of all these special allocations are the subject of appendix 1 to this agreement.

4 - COORDINATION PROCEDURE FOR THE RESERVATION OF CHANNELS IN THE "EQUAL RIGHTS" BANDS

4.1 -

As each Administration cannot reserve more than 50% of the spectrum in these bands, any supplementary channel allocation must be the subject of a reservation request to the other Administration.

4.2 -

If the Administration of a country (C) which is not a party to this agreement asks one of the two contracting Administrations (B) for coordination, two cases can be envisaged:

4.2.1 - With request for protection by two Administrations (A + B).

This allocation is to be proposed in an "equal rights" band and submitted for approval by the second Administration (A). The spectral occupation of this allocation is to be deducted from the general availability.

4.2.2 - Not seeking protection from the second Administration (A).

This allocation can be proposed in any sub-band.

5 - METHODS OF IMPLEMENTATION OF THE AGREEMENT

5.1 -

The division of the band, as shown in paragraph 1 of this agreement, must take effect at the latest on **31 December 1994**.

The channels, of which the details are shown in the attached annex, will be progressively released according to the theoretical timetable below:

Sub-bands	Timetable
138.000 - 138.500 MHz 138.500 - 139.500 MHz 139.500 - 140.500 MHz 140.500 - 141.000 MHz 141.000 - 143.000 MHz 143.000 - 144.000 MHz	from 01/01/90 to 31/12/94 * from 01/07/89 to 31/12/90 * released since 01/04/89 from 01/01/90 to 31/12/94 * from 01/07/89 to 31/12/90 released since 01/04/89

* See also Appendix 2

5.2 -

As a new allocation plan for the French mobile aeronautical service has been in service since 01.04.89, the interference likely to occur will be treated on a case-by-case basis throughout the transition period (until 31.12.1994).

The Administrations of the UNITED KINGDOM and FRANCE undertake to give priority to the transfer of non-conforming allocations creating difficulties.

5.3 -

Until 31.12.1994, the FRENCH Administration will try to maintain, if possible, protection for the UNITED KINGDOM's allocation which have not yet been transferred.

The UNITED KINGDOM Administration will take all necessary measures to transfer quickly the remaining allocations which may cause interference to the French mobile aeronautical service.

6 -

This agreement, drawn up in the French and English languages, the French text being the authentic text in the case of dispute, will come into force on **1 January 1991**.

All previous special agreements between FRANCE and the UNITED KINGDOM relating to the 138 - 144 MHz band and especially those of 1968 are rescinded.

Done in Paris on 29 November 1990

APPENDIX 1

TO THE COORDINATION AGREEMENT IN THE 138 - 144 MHZ BAND BETWEEN THE UNITED KINGDOM AND FRANCE

1 - CHANNELS ALLOCATED TO BELGIUM

1.1 - In the "equal rights" bands.

138.225	GLONS SEMMERZAKE	6K00A3E	200NM/60000 Ft	10W
138.325	GLONS SEMMERZAKE	6K00A3E	200NM/60000 Ft	10W
138.375	GLONS SEMMERZAKE	6K00A3E	200NM/60000 Ft	10W
143.525	GLONS SEMMERZAKE	6K00A3E	200NM/60000 Ft	10W

1.2 - In the UNITED KINGDOM bands.

139.775	CASTEAU CHIEVRES	16K0F3E	GROUND/GROUND	15W
143.175	FLORENNES BRUSTEM	6K00A3E	25NM/4000 Ft	10W

1.3 - In the FRENCH bands.

138.675	FLORENNES BRUSTEM	6K00A3E	25NM/4000 Ft	10W
138.950	CASTEAU CHIEVRES	16K0F3E	GROUND/GROUND	15W

2 - CHANNELS ALLOCATED TO THE UNITED KINGDOM IN THE "EQUAL RIGHTS" BANDS.

138.100	All UK	6K00A3E	Altitude 50000 Ft	20W
138.300	All UK	6K00A3E	Altitude 50000 Ft	20W
143.975	All UK	6K00A3E	Altitude 50000 Ft	20W

APPENDIX 1 (cont.)

3 - CHANNELS ALLOCATED TO FRANCE FOR THE MOBILE AERONAUTICAL SERVICE IN THE "EQUAL RIGHTS" BANDS.

3.1	138.050	All seas	6K00A3E	Altitude 20000 Ft	20W
	138.250	All FRANCE	6K00A3E	Altitude 20000 Ft	20W
	138.275	All FRANCE	6K00A3E	Altitude 1000 Ft	20W
3.2	140.800	All FRANCE	6K00A3E	Altitude 5000 Ft	15W
	141.100	All FRANCE	6K00A3E	Altitude 50000 Ft	20W
	141.275	All FRANCE	6K00A3E	Altitude 20000 Ft	20W
3.3	143.600	All FRANCE	6K00A3E	Altitude 50000 Ft	20W
	143.750	All FRANCE	6K00A3E	Altitude 50000 Ft	20W
	143.800	All FRANCE	6K00A3E	Altitude 50000 Ft	20W
	143.850	All FRANCE	6K00A3E	Altitude 50000 Ft	20W
	143.950	All FRANCE	6K00A3E	Altitude 20000 Ft	20W

4 - CHANNELS ALLOCATED TO FRANCE FOR THE MOBILE AERONAUTICAL SERVICE IN THE UNITED KINGDOM BANDS.

	142.725	All FRANCE	6K00A3E	Altitude 20000 Ft	20W
	142.850	All FRANCE	6K00A3E	Altitude 20000 Ft	20W

APPENDIX 2

**TO THE COORDINATION AGREEMENT IN THE 138 - 144 MHZ BAND
BETWEEN THE UNITED KINGDOM AND FRANCE**

During the bilateral United Kingdom/France meeting of 27 and 28 November 1990, the Administrations of the United Kingdom and France decided to specify below the methods of implementation of the agreement for the sub-bands:

- 138.5 to 139.5 MHz allocated to France

- The 8 channels	138.725	138.775	138.850	139.125
	139.250	139.325	139.350	139.475

will be released by the Administration of the United Kingdom before 31/01/91.

- In this sub-band, the other channels will be released before 01/09/91.

- 138.0 to 138.5 and 140.5 to 141.0 MHz so-called "equal rights"

- The Administration of the United Kingdom can continue to use certain channels allocated to the French Administration but their progressive release will take place between 01/01/91 and:

- 31/12/92 for channels numbered 212, 213, 219 and 220

- 31/12/94 for channels numbered 32 to 39, 202 to 211, 214 to 218, 221 to 223 and 226 to 235

- However, some channels may, if necessary, still be used by the United Kingdom Administration between 01/01/95 and 31/12/95, after agreement with the French Administration.

- In the case of interference, in either direction, the provisions of points 5.2 and 5.3 of the agreement will be applied.
