# 1. Overview

You should complete this form if you are applying for a community digital sound programme licence (“C-DSP”). You can find further information about C-DSP services in the [guidance notes for licensees and applicants](#).

This application form is divided into two parts – **Part A** (which we will publish on our website) and **Part B** (which will be kept confidential). This document constitutes Part A; [Part B of the application form](#) is available on our website.

If you encounter any issues using these forms, please contact [broadcast.licensing@ofcom.org.uk](mailto:broadcast.licensing@ofcom.org.uk).

## The purpose of this form

---

You should complete this form if you are applying for a Community Digital Sound Programme (C-DSP) licence.

A digital sound programme service intended for broadcast by means of a local or small-scale radio multiplex service requires either a C-DSP licence or a local DSP licence. Ofcom’s published guidance notes set out some of the key issues that potential applicants need to consider in deciding which type of licence is suitable for them. In summary, C-DSP services are not run for financial gain and are required to provide social gain. C-DSP licences therefore include strict conditions to ensure that happens, and provide less flexibility than a local DSP licence. However, they do provide access to capacity that small-scale radio multiplex service providers are required to reserve solely for C-DSP services.

A C-DSP licence will be required even if the same programme service is also provided on any other platforms (e.g. FM, satellite), as separate licences are required for those.

As noted above, small-scale radio multiplex services will have reserved capacity for C-DSP services. Issue of a C-DSP licence does not, however, guarantee carriage on a small-scale (or local) radio multiplex service. That is a matter for agreement between the C-DSP licensee and the multiplex service provider, and there may be more C-DSP licences issued in a locality than there are reserved slots on the small-scale radio multiplex service. Note that a C-DSP service does not necessarily have to broadcast using reserved capacity. It can use unreserved capacity on a small-scale radio multiplex service or capacity on a local radio multiplex service, again subject to agreement with the multiplex service provider.

An application for a C-DSP licence will be accepted only once Ofcom has advertised the licence for the small-scale radio multiplex service upon which the proposed C-DSP service is intended to be provided. There is no closing-date by which an application for a C-DSP licence must be submitted (i.e. it can be submitted at any time after the licence for the relevant small-scale radio multiplex licence has been advertised).

You can find further information about how to determine if a service requires a C-DSP licence in Section 2 of the [guidance notes for applicants and licensees](#).

## Provision of information

---

Ofcom requires complete and accurate information to assess applications. This is so that we can assess your application against statutory criteria, consider whether those involved in the body applying for a licence are 'fit and proper' to hold a licence, and determine whether their involvement with other organisations disqualifies them from participation in a licence.

It is an offence under the Broadcasting Act 1996 (as amended) to provide false information or withhold relevant information during the application process, and may be grounds for revocation of a licence subsequently granted.

## Publication of information about applications and licensed services

---

Information provided in **Part A** of the application form will typically be published by Ofcom in our Monthly Radio Update publication the month following the submission of your application. This may take longer if the application is received late in the month. Information provided in **Part B** will not be published.

In submitting this application you agree that, should a licence be granted, Ofcom may publish contact details for the licensee (specified in Section 2 of Part B of the application form), which may include personal data, on the Ofcom website and/or in other relevant publications. If you have any questions about the information that we publish, or there are any changes to this information, you should contact the Broadcast Licensing team by email ([broadcast.licensing@ofcom.org.uk](mailto:broadcast.licensing@ofcom.org.uk)).

Ofcom considers issued C-DSP licences to be public documents and copies of licences will be made available to third parties on request albeit, other than the Key Commitments which are tailored to the service, C-DSP licences are standard form documents. A brief description of the licensed service will be published on the Ofcom website, along with the Key Commitments which form part of the licence.

Ofcom publishes a [monthly radio licensing update](#) which lists new services licensed, new applications, licences revoked, licence transfers, and changes to licensed services during the past month.

## Data protection

---

We require the information requested in this form in order to carry out our licensing duties under the Broadcasting Act 1990, Broadcasting Act 1996 and Communications Act 2003. Please see Ofcom's [General Privacy Statement](#) for further information about how Ofcom handles your personal information and your corresponding rights.

## Keeping up to date with broadcasting matters

---

We strongly recommend that the appropriate person at the applicant body signs up to receive Ofcom's regular email updates on broadcasting matters including notification when the Broadcast and On Demand Bulletin is published.

To sign up to receive these communications, you must visit the [email updates](#) area of our website and select 'Broadcasting.'

# 2. Applicant's details

## About this section

In this section we are asking you for details about the applicant company. This must be a body corporate which is not profit distributing.

In the first part of this section, we are asking for basic details about the applicant. These include company registration number and contact information.

In the second part of this section we are asking for details of the applicant's officers (directors or, in the case of LLPs, designated members), its shareholders and participants. Where applicable, we are also asking for details of the officers of the applicant's parent and associated companies or LLPs etc.

If any of the individuals named in your responses are known by more than one name/version of their name, all names must be provided.

Certain persons are disqualified from holding a C-DSP licence. This section asks the questions which enable us to consider this for those types of disqualification which apply specifically to bodies corporate. It also asks questions which are relevant to our assessment of the applicant's fitness and propriety to hold a C-DSP licence.

Before completing this section of the form, you should read [Ofcom's guidance on the definition of 'control' of media companies](#). Throughout this section, "control" has the meaning it is given in Part I of Schedule 2 of the Broadcasting Act 1990.

The response boxes and tables should be expanded or repeated where necessary, or provided in a separate annex.

'Officerships' in this section refers to: directorships of bodies corporate, designated memberships of LLPs, or membership of a governing body of an unincorporated association (including partnerships).

## Applicant information and contact details

<sup>2</sup> Please refer to Sections 3 to 5 of [Ofcom's religious guidance note](#) for details on how we determine the eligibility of religious bodies to hold certain broadcasting licences.

### Details of applications, licences and sanctions

2.17 Is the applicant (i.e. the body corporate that will hold the licence) a current licensee of Ofcom?

No

If yes, please provide the licence details expanding the table if necessary:

Licence number	Name of multiplex

2.18 Has the applicant (i.e. the body corporate that will hold the licence) held an Ofcom broadcasting licence before?

Yes

If yes, please provide the details expanding the table if necessary:

Licence number	Name of service or multiplex
Unknown	RAW

2.19 Has anyone involved in the proposed service held an Ofcom broadcasting licence or been involved in an Ofcom-licensed broadcast service before?

No

If yes, please provide the details expanding the table if necessary:

Dates licence was held or dates of involvement	Licence number (if known)	Name of service or multiplex

2.20 Does the applicant (i.e. the body corporate that will hold the licence) control an existing Ofcom licensee?

No

If yes, please provide the licence details expanding the table if necessary:

Licence number	Name of service or multiplex

2.21 Is the applicant (i.e. the body corporate that will hold the licence) controlled by an existing licensee or by any person who is connected (within the meaning of Schedule 2 to the Broadcasting Act 1990) with an existing licensee (i.e. as a “participant”)?

No

If yes, please provide the following information, expanding the table if necessary:

Licence number	Name of service or multiplex

2.22 Has the applicant – or any person(s) controlling the applicant - made any other application to Ofcom (or its predecessor broadcast regulators – the Independent Television Commission and the Radio Authority) for any licence which has since been surrendered by the licensee or revoked by Ofcom (or one of its predecessor regulators)?

No

If yes, please provide the following information, expanding the table if necessary:

Licence number	Name of service or multiplex

2.23 Is the applicant – or any person(s) controlling the applicant - subject to any current or pending investigation by any statutory regulatory or government body in the United Kingdom or abroad in respect of any broadcast-related matter?

# 3. The proposed service

## About this section

This section asks you to describe your proposed service, including the Key Commitments you propose to include in your licence. This includes your service name, multiplex name and character of service, in addition to standard commitments that all C-DSP licensees need to abide by. Holders of an existing analogue community radio licence to be a simul-cast on the proposed C-DSP service can replicate the existing analogue key commitments as it is our expectation that the key commitments for simulcast services are to be in keeping with one another. If a licence is granted, the information you provide in this section will be used to form the basis of the annex to your licence. You will only be authorised to broadcast what is detailed in the annex of the licence.

In this section, you will also need to set out how your service will provide social gain, community participation and how you will be accountable to the target community. This is in line with statutory requirements for the granting of C-DSP licences. **The information provided in this section is also the basis on which decisions are made.**

If you hold, or intend to hold, multiple C-DSP licences, the answers given in this section and the intended delivery of your Key Commitments must apply to the locality in which your proposed service will broadcast (as set out in the Draft Key Commitments in this application form).

## Your proposed service and target community

3.1 What is the proposed service name?

RAW

3.2 On which radio multiplex service do you intend to broadcast? If the relevant radio multiplex licence has not yet been awarded, please state the name of the area that the multiplex service is intended to cover, as defined in the multiplex licence advertisement.

Coventry

3.3 Where is your proposed studio located? Please note that this must be located within the coverage area of the small-scale radio multiplex service identified in answer to 3.2 (or the advertised area for a small-scale radio multiplex service that has not yet been awarded).<sup>3</sup>

RAW, University of Warwick Students' Union Headquarters, Gibbet Hill Road, Coventry CV4 7AL

---

<sup>3</sup> If you propose to provide your service on a local, rather than a small-scale, radio multiplex service, there is no requirement for your studio to be located within the licensed area of that local radio multiplex service.

- 3.4 If the proposed service is a simulcast or corresponding service of an existing licensed radio service, please list that below and provide the licence number.

N/A

- 3.5 What is the target community of the service? Please include the geographical area that you wish to serve in addition to the interests or characteristics that define your target community. The area you wish to serve must be geographically located within the cover-age area of the radio multiplex service on which you intend to broadcast. **Answer in fewer than 400 words.**

The University of Warwick student, staff and alumni body, as well as the wider local community in Coventry and surrounding areas.

- 3.6 How will you ensure that your proposed C-DSP service is run on a not-for-profit basis? Please give details of specific measures or arrangements in place to ensure this, and how any profit will be wholly and exclusively used for securing or improving the future provision of the service, or for the delivery of social gain. **Answer in fewer than 400 words.**

Our service has run on a not-for-profit basis for 55 years. The service is operated by RAW, a student society linked to the University of Warwick SU – the Students' Union is a registered charity with its' sole aim as representing the interests of students and staff.

## Social gain

- 3.7 What community benefits will your service bring to your target community(ies) and, if applicable, the general public. Please include summaries of evidence to support your answer, including details about other organisations you intend to work with. **Answer in fewer than 500 words.** Please do not provide names of individuals in your answer.

RAW has been at the heart of the campus community for over 55 years, championing music, news, speech, sports and arts coverage, from national news to student events. Examples of the work we do to support our community include (but aren't limited to) SU election results, live commentary at student sporting events, interviews and coverage of groups performing at local festivals and in the Warwick Arts Centre. The service is completely student-led.

RAW provides the opportunity to develop careers in the media industry, and related fields through Student Radio Association affiliation, talks, events and more.

RAW is inclusive to all and allows any student at Warwick to use its facilities to help develop themselves, their societies and future careers.

- 3.8 Please summarise how your service will facilitate discussion and the expression of opinion. **Answer in fewer than 200 words.**

The University population contains students from a vast array of backgrounds, cultures and beliefs. Student media provides an outlet where these diverse perspectives can be shared, enriching experience and inclusivity in representing the voice of students. No students are excluded from accessing or participating in RAW.

In the midst of busy academic schedules, RAW provides a space for students to lead discussions covering issues relevant to campus and beyond. From hosting debates, discussions, and more, student radio facilitates dialogues where students can voice concerns, share experiences, seek support from peers and be heard & represented.

- 3.9 How will you ensure that members of your target community(ies) can gain access to the facilities used to provide your service, and receive training in using these? In particular, please set out how this will be done practically, formally and/or informally. **Answer in fewer than 400 words.**

Any student can become a member of the RAW team as part of its' society status. This means that any student can utilise our facilities and equipment. Training is provided to all to support those wishing to present, produce or contribute to RAW. This is organised by RAW's Head of Training, taking place before any member uses RAW's equipment. Training also extends into skills and sessions, including collaborations with the Student Radio Association and others, to develop and educate students interested in the media industry.

RAW's spaces are also used as part of training, and courses offered by the University. The station often collaborates with societies, the SU and University to support those with an interest in media.

- 3.10 How will your service provide better understanding of your target community and the strengthening of links within it? **Answer in fewer than 200 words.**

RAW is solely student led, and as such is operated by the target community it intends to serve. The proposed DAB service will allow us to extend our reach beyond campus, and across the surrounding area to reach the wider community as well as students, staff and alumni who reside off-campus. This will allow RAW to enrich and build a strong University community beyond the campus borders.

Our listeners choose to engage with RAW for several reasons: Firstly, all shows are hosted by fellow students, so both the host and listener have similar experiences and shared interests. Also, RAW's content is very relevant to them, as it contains information about day-to-day necessities, as well as exciting events, coverage and exclusive content.

- 3.11 Please summarise the relevant experience of the group or its members in activities related to the provision of social gain or other relevant non-broadcast areas (such as third sector, training or education). **Answer in fewer than 200 words.**

RAW's members form a core part of the University community, interacting with students, staff, alumni and residents of Coventry and the surrounding area. Members are involved in a wide range of activities that support the provision of social gain, for example by volunteering, fundraising and supporting local charities. This continues into RAW's work, for example in our award-winning charity week where our entire output is focused on fundraising for a local charity.

RAW is supported by a core staff within the SU who have worked in and around the student bodies

## Participation

- 3.12 How do you propose to ensure that members of your target community(ies) are given opportunities to participate in the operation and management of the service? **Answer in fewer than 400 words.**

RAW is open to any member of the University community, including non-students who are able to become associate members. The society is democratically run, with a yearly AGM electing an Executive Committee who runs the society on a day-to-day basis. As such, any member is able to stand and vote in these elections.

Furthermore, every member is given opportunities to be involved, such as being on air, and at live events. We give every member the opportunity to be on air, and provide training required so that they feel comfortable broadcasting. We are proud to have reasonably few restrictions, allowing participants to express themselves and come up with their own programmes and ideas. Every member who expresses interest is supported to create and broadcast their ideas.

## Accountability

- 3.13 How will members of your target community contact your service and influence its operation? **Answer in fewer than 300 words.**

Membership of RAW is open to any student at the University. Any member is able to contact RAW's Executive Committee and may attend regular station meetings where our strategies and operations are discussed.

- 3.14 How will suggestions and/or criticisms from members of your target community(ies) be considered and acted upon? **Answer in fewer than 300 words.**

Suggestions and criticisms are dealt with by RAW's Station Managers, or the wider Executive Committee where appropriate. All suggestions are treated seriously, and may be voted on by all members where appropriate to ensure suggestions are implemented.

## Draft Key Commitments

Below is an example of the licence annex where the Key Commitments appear. Should a licence be awarded, the entries you provide below will form the Key Commitments section of your licence. Holders of a community radio analogue licence that is to be simulcast, or a corresponding service, are expected to provide key commitments that are in line with their existing service(s). As such, applicants may refer to the existing key commitments of the relevant simulcast or corresponding service(s) to ensure that the draft below is in line with those of the existing service(s).

Please provide entries where specified in **BOLD** below. The information you enter here should reflect your answers to Sections 3 and 4 of the Part A of your completed Application Form. This will form the basis of your Key Commitments alongside the mandatory text in italics. Do not amend the text in italics as every service is required to comply with these requirements, but the details of how each service does so do not need to be included in the Key Commitments.

### ANNEX TO LICENCE

**LICENSED SERVICE NO**                      tbc

Licensed Service	<b>RAW</b>
Service Description	<p><b>RAW is a radio service intended to serve <i>Students, Staff &amp; Alumni at the University of Warwick in Coventry, primarily within the University campus and the surrounding area by producing an output tailored exclusively to the interests of the University Community, including coverage of local news (e.g. SU elections), collaboration with SU societies &amp; sports, and developing a wide range of music (including local musicians), news, speech, sports, and arts programmes.</i></b></p> <p>The studio of the Licensed Service is located within the coverage area of the Small-Scale Radio Multiplex Service identified above (n.b. the Licensee will not be in breach of this requirement if an existing studio ceases to fall within the coverage area merely as a result of technical changes to the Small-Scale Radio Multiplex Service outside the control of the Licensee).</p> <p>The Licensed Service shall have the characteristics of a Community Digital Sound Programme Service as set out in the 2019 Order and, in so doing, shall achieve the following objectives:</p> <ul style="list-style-type: none"> <li>• the facilitation of discussion and the expression of opinion,</li> <li>• the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and</li> <li>• the better understanding of the particular community and the strengthening of links within it.</li> </ul> <p>Members of the target community shall contribute to the operation and management of the service.</p>

	The service shall have mechanisms in place to ensure it is accountable to its target community in the specific area or locality.
Transmission Schedule	<b>RAW intends to broadcast 24 hours a day, seven days a week. The amount of live programming shall depend on University term dates and member commitments. During term time (approximately 30 weeks of the year), the amount of live programming will depend on building access times and decisions made by the RAW executive committee. Outside of live programming, a sustainer service will be on air.</b>

# 4. Compliance of the service

## About this section

This section asks you to describe the compliance arrangements for the proposed licensed service, i.e. the arrangements which the applicant will put in place to ensure that the content it proposes to broadcast will comply with the relevant regulatory codes and rules for programming and advertising. These include:

- The Ofcom Broadcasting Code
- The BCAP Code: the UK Code of Broadcast Advertising
- The Regulation of Premium Rate Services Order

Condition 17 of a C-DSP licence requires that you have compliance procedures in place, and this section asks that you demonstrate your ability to meet this licence condition.

Before completing this section of the form you should read Section 4 of the [C-DSP guidance notes](#), where you will also find links to the codes and rules listed above.

- 4.1 Please give details of all compliance training (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has received in the relevant codes and rules (for example, those referred to in the box at the start of this section).

The Programme Controller has received RAW studio training and signed the RAW DJ Contract. This covers relevant parts of the Ofcom Broadcast Code.

- 4.2 Please give details of any practical compliance experience (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e the individual who holds overall responsibility for compliance of the service) has with respect to the relevant codes and rules.

As above

- 4.3 For each role within your compliance team please provide job title and a brief description of the functions of the role specific to ensuring compliance of the proposed service. Please do not give names of individual members of staff – this question relates to job roles rather than currently employed individuals.

Programme Controller:

- Responsible for RAW's schedule and on-air output
- Responsible for ensuring the DJ contract is adhered to and kept up to date.
- Ensure all necessary licences and regulations are adhered to.

- 4.4 How does the applicant intend to formally train staff in compliance procedures? Please include details of the compliance training that will be given to those responsible for live programming, including compliance staff, presenters and producers.

All presenters are required to undertake studio training and regularly review & sign the RAW DJ Contract, which covers all parts of the Broadcasting Code relevant to output and behaviour on air. This includes impartiality, offensive language, and compliance with music licences among other things.

Studio Training is coordinated by RAW's Head of Training and assigns a volunteer with significant broadcasting experience to each individual who needs to be trained. The Programme Controller also conducts regular Ofcom Code training with each presenter to ensure they understand and adhere to what is expected of them.

RAW's DJ Contract and Programme Code also detail other areas not covered in the Ofcom broadcast code to ensure that the station output is coherent and acceptable at all times.

The Programme Controller, assisted by the Executive Committee, also conducts regular monitoring of shows. Presenters can readily contact the Programme Controller or other members of the Executive Committee should they need clarifications or assistance during live broadcasting hours.

- 4.5 Will the training described in response to question 4.5 be mandatory for all staff and volunteers? If not, outline who will receive it.

Studio & Ofcom Code training is mandatory for all presenters and hosts of an on-air programme. Irregular guests are not required to complete this training, however we require hosts inform guests of applicable rules, and ensure they are followed.

- 4.6 It is a licence requirement that a licensee must ensure that all programming on its service (broadcast at any time of the day or night) complies with Ofcom's codes and rules (e.g. Ofcom's Broadcasting Code, which sets requirements on standards to be observed in programme content for the protection of the public).

- a) Set out in detail below the systems the applicant intends to have in place to ensure it will be able to comply with the codes and rules when the service is broadcasting live content. Your response should include details of what you will do to prepare presenters and guests pre-broadcast and the process for ensuring that any non-complaint content is dealt with swiftly during the broadcast.

Presenters are only allowed on air without direct supervision once they have demonstrated understanding of the requirements of both RAW's and Ofcom's Broadcast Code. Regular reminders are given of the standards required. Trained presenters are responsible for their guests, including briefing them on these standards. Non-compliant content is swiftly dealt with by the Executive Committee, and systems are in place to remove non-compliant content from air in the unlikely event it will happen.

- b) Set out in detail below how the applicant intends to ensure that pre-recorded material will comply with Ofcom's codes and rules. Pre-recorded content could include, for example, material obtained from, or streamed from, third party sources as well as content produced by the licensee.

All pre-recorded material is subject to the same rules and checks as live material.

- 4.7 Please set out how you will ensure the ongoing delivery/compliance of the **on-air** character of service as set out in the Key Commitments. This should be focused on the content you will broadcast on the station.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that the character of service is being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

RAW's schedule is limited to the university term as noted above. The Programme Controller in conjunction with the Executive Committee monitors the output of the station to ensure compliance with our Key Commitments. Meetings are held weekly between the Executive Committee, where output may be reviewed to ensure that content meets our Key Commitments.

RAW's termly schedule is released to our members and the public through social media and on our website at least once every term.

4.8 Please set out how you will ensure the ongoing delivery/compliance of the **off-air** social gain activities as set out in the Key Commitments.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that off-air social gain activities are being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

The Executive Committee ensures regular communication is maintained with the SU, the student body and the wider local community. These relationships allow RAW's members and audience to continue their involvement in events across campus and beyond. RAW remains committed to participating in charitable, educational and training initiatives. These shall be brought up in weekly Executive Committee Meetings where appropriate to ensure that RAW's commitment to the local community and our members is upheld. Any opportunities for our members shall be communicated through our publicly available website and social media.

4.9 What language(s) does the applicant intend to broadcast in?

English

4.10 For each language listed in response to question 4.9 please provide details of how many compliance team member(s) are fluent in each language and will be responsible for ensuring that content broadcast in that language complies with the Ofcom's code and rules. **Please do not give names of individual members of staff.**

Our entire Executive Committee, including the Programme Controller (primarily responsible for compliance) is fluent in English.

# 5. Declaration

## About this section

This form must be submitted by the applicant named in response to question 2.2. An agent may not sign the form.

The person authorised to make the declaration on behalf of the applicant must print their name and must be one of the following :

- A director of the company or the company secretary where the applicant is a company.
- A designated member where the applicant is a Limited Liability Partnership.

The declaration must also be dated.

- 5.1 I hereby apply to Ofcom for the grant of a licence for the community digital sound programme service described above and declare that the information given in this application form is, to the best of my knowledge and belief, correct.
- 5.2 I further declare and warrant:
- a) that I am not a disqualified person within the meaning of that expression as defined in Part II of Schedule 2 to the Broadcasting Act 1990, as amended, or as a result of a disqualification order under Section 145 of the Broadcasting Act 1996;
  - b) that having made all reasonable enquiries neither the applicant nor any person controlling the applicant, as a result of the grant to me of the licence, breach any requirement of Schedule 14 to the Communications Act 2003 with regard to the accumulation of interests in broadcasting services or to the restrictions on cross-media interests; and
  - c) that the applicant is not disqualified by virtue of the provisions of section 143 (5) of the Broadcasting Act 1996 in relation to political objects and the provisions of section 144 (3) of the Broadcasting Act 1996 in relation to the provision of false information or through the withholding of information with the intention of misleading Ofcom; and
  - d) that no director or person concerned directly or indirectly in the management of the applicant is subject to a disqualification order as defined by section 145 (1) of the Broadcasting Act 1996.
- 5.3 I understand that Ofcom reserves the right to revoke the licence (if granted) if at any time any material statement made to Ofcom is found to be false and to have been by the applicant or any member or officer thereof knowing it to be false. I also understand that under sections 144 and 145 of the Broadcasting Act 1996, the provision of false information could incur a criminal conviction and a disqualification from the holding of a Broadcasting Act licence. I further certify that, to the best of my knowledge, any matters which might influence Ofcom's judgement as to whether the directors and any other individuals and/or bodies corporate with substantial involvement in this application are fit and proper persons to participate in a radio licence, have been made known to Ofcom.
