## Category 2A services

---

Service name: Google Search

Service description: Regulated search service – Search service

Service provider: Google LLC

Service name: Bing

Service description: Regulated search service – Search service

Service provider: Microsoft Ireland Operations Limited

Service name: ChatGPT (ChatGPT Search)

Service description: Search engine of a regulated search service – AI Search Assistant

[Footnote: ChatGPT Search on ChatGPT ('ChatGPT Search') is a search engine included on ChatGPT, which is therefore a regulated search service. As such, OpenAI OpCo, LLC is required to meet the additional safety duties for Category 2A services with respect to the design, operation and use of the search engine (ChatGPT Search) in the UK, and the search content that is presented to users by operation of that search engine. This does not constitute a finding that OpenAI OpCo, LLC is required to meet the additional safety duties for the entire chatbot functionality on ChatGPT where that content does not amount to search content.]

Service provider: OpenAI OpCo, LLC

Service name: Facebook (Feed Deep Dive)

Service description: Search engine – AI Search Assistant

[Footnote: Feed Deep Dive is a public search engine included on Facebook, which is therefore a combined service. As such, Meta Platforms, Inc. is required to meet the additional safety duties for Category 2A services with respect to the design, operations and use of the search engine (Feed Deep Dive) in the UK, and the search content that is presented to users by operation of that search engine. This does not constitute a finding that Meta Platforms, Inc. is required to meet the additional safety duties for the entire Feed Deep Dive functionality on Facebook where that content does not amount to search content.]

Service provider: Meta Platforms, Inc.
