

My Online Communities Tasks

First Name:

Age:

Hello there! Welcome 😊

Thanks so much for agreeing to take part in this research project - **we're really looking forward to meeting you over Zoom!**

Before that we'd like to learn a bit more about you, and your online world. To do that, we'd like you to complete **2 'tasks' (shared in this doc).**

There are no wrong answers here – we're just looking for your **honest opinions!** Please answer these questions yourself (without using any AI tools!) – but you can always ask your parent or guardian for help if you get stuck.

Before you start, please **write/type your first name and age** on the left of this first page 😊

In this project and research, we are going to be talking about "online communities"

As a reminder, by "Online Communities" we mean groups of people who have a shared interest or purpose, sharing information on a digital platform. The members might know each other "in real life" (and may meet up, for example to share a sport or hobby), or they might not. online communities may include forums, online discussion boards and/or community pages

Introduction to Me

For your first task, we'd like you to **tell us a bit about you.**

We want you to Imagine that you are a famous Vlogger, and you're recording an 'All about me' vlog for all your subscribers / followers!

What to tell your subscribers:

- Give us a brief introduction to you and your world
- What things are you really into at the moment?
- What do you like doing in your spare time (this could be online and/or offline)
- And...anything else that you think your subscribers would want to know! (fun facts, pet's names etc. it's up to you!)

It's up to you whether you'd prefer to:

Type your answer to this task on the next page

OR

Record your response to this task as though you're talking to your followers! And send us the video via email

1.Introduction to Me

Type here, or upload image of written answer if preferred

2. Online communities mood board

Thank you for telling us more about you in your introductory task 😊

For this next task, we'd like you to please **create a mood board or collage** (pictures, logos, screenshots, and text) that shows us **what your online world looks like as a member of an online community!**

As a reminder, **being a member of an online community** means you belong to a community (a group) on the internet, even if you don't post a lot - you might just watch what others share. It can also be the feeling that you're part of the group and take part in your own way.

Please **include the following things** on your mood board / collage, with labels to explain what each picture is:

- What these online communities that you are a member of, are **about**
- Your **favourite platforms / apps / websites** you use to engage with online communities
- Things you **LIKE** or **DON'T LIKE** about these online communities (how they work, how they look, other members, etc)
- The **types of things** that you do or create, see, or post in these spaces
- What **sorts of activities** you like doing in these online communities
- Any **specific features / tools / functions that you like to use** in online communities
- How being a part of an online community **makes you feel**

If mood boards aren't your thing – that's OK! You can write answers to the above bullet points if you prefer, or record a video for us, as long as you send them to us, or upload to the next page.

2. Online communities mood board upload
