### Description of character of service

Wycombe Sound is for people aged over 35 living, working, in education and spending their leisure time in the town of High Wycombe and the surrounding villages. It broadcasts music and locally focussed speech content, and provides opportunities for people to get involved with the station.

The service broadcasts:

- Music. The main type of music broadcast over the course of each week is: popular music from the 1960s to the present day. Specialist music also features.
- Speech. The main types of speech output broadcast over the course of each week are: news, weather, traffic and travel, community and event information, interviews, and discussions.
- The service provides original output<sup>1</sup> for a minimum of 11 hours per day.
- The service provides locally-produced output<sup>2</sup> for a minimum of 21 hours per day.

The studio is located within the licensed coverage area.

The service provides a range of community benefits (social gain objectives mandated by statute) for the target community, both on-air and off-air, and in doing so, achieves the following objectives:

- the facilitation of discussion and the expression of opinion,
- the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and
- the better understanding of the particular community and the strengthening of links within it.

Members of the target community contribute to the operation and management of the service.

The service has mechanisms in place to ensure it is accountable to its target community.
